HANNOVER MESSE USA

Innovation Through Collaboration

HANNOVER MESSE USA (HMUSA) is where manufacturers come to discover the world-leading technologies they need to win amid industry disruption and transformation. It is the most comprehensive industrial technology tradeshow in North America showcasing the latest in IIoT/Industry 4.0, automation systems, artificial intelligence and more. Co-located with North America's largest manufacturing show, IMTS, HMUSA delivers all the leading technologies, solutions and information companies need – across the entire value-added chain – to lead their industries today and into the future.

129,400+ attendees

500+ exhibitors

114,000+ sq. ft.

100+ countries represented

Why HANNOVER MESSE USA?

- **Meet Highly Qualified Buyers from Around the World** – HANNOVER MESSE USA is a buying show, where 92% of attendees influence company purchasing decisions in more than 100 countries.
- **Be a Leader in the World's Most Powerful Economy** – Grow your market reach in the United States, the second-largest manufacturing country in the world.
- **Thrive Amid Disruption** – The fourth industrial revolution has arrived. Discover the technologies and partners your business needs to thrive today, tomorrow and into the future.

Make the Most of Your HANNOVER MESSE USA Experience

Gain International Exposure and Expand Your Reach

Deutsche Messe leverages its **international network** of partners including top trade publications and associations in order to attract highly qualified buyers from **targeted industries**.

Highlight Your Participation at HANNOVER MESSE USA 2020

We'll create a **custom landing page** to attract customers – a one-stop shop for general show info and registration – with space for your logo, product images/descriptions, booth info, press releases, and more. Share it on social media, in newsletters, or send it directly to existing or prospective customers!

Invite Your Customers and Track New Leads

Send **branded invitations** to your audience, and encourage registration with your **unique promo code** that provides free show floor access to attendees. You'll receive information about who opens, clicks, and interacts with any invites and reminders you send.

Impress Your VIPs with Exclusive Access

Give your customers the **VIP treatment** with exclusive access to the HMUSA VIP Program – they'll thank you for it at the show. Our VIP Program offers guests free full-conference registration, VIP Lounge entry, daily catered lunch, guided tours, and more!

Stand Out from the Competition as a Key Solutions Provider

Establish your company as a **thought leader** in the industry by developing education topics that address current opportunities, solutions, and future demands – we'll save a place for you in our new on-floor education station, the HANNOVER MESSE USA Solutions Theater.
